

ARCO SAFE TOOL BOX TALKS

Hand & Power Tools:

Hand Tool Safety

Our jobs wouldn't be possible without hand tools. As necessary and simple as hand tools are, they still have the potential to cause serious injury.

GENERAL REQUIREMENTS

- Use the right tool for the job.
- Never use a tool for anything other than it's intended purpose.
- Examine all tools for damage before each use.
- Make sure all the safety guards and devices are in place.
- Keep fingers away from sharp objects and pinch points.
- Clamp materials down.
- The wooden handles of tools shall be kept free of splinters or cracks.

ANYONE USING ANY TYPE OF TOOL MUST BE PROPERLY TRAINED.
